Erasmus+ youth exchange
June 10-22, 2024
Slavňovice, Czech Republic

Co-funded by
the European Union

These are the main topics of our youth exchange:

- ▶ **1) Intercultural learning** → because we will be staying together with people from other countries and we want to use the chance to learn as much as possible, become more open and respectful.
- ▶ **2) Sustainability** → because we will be staying at our beautiful campsite and we want to use the chance to make you more aware about nature around us and the importance of protecting it.
- ▶ **3) Active citizenship** → because we don't want you to keep what you learn only to yourself, but to share it in your community and influence others.

What can you expect?

- ▶ You will stay together with people from different countries and learn about their cultures in depth, to work together and respect each other's differences.
- ▶ You will take up the challenge to spend your days outdoors at the campsite. Learn to be more eco-friendly and understand more about environmental protection. You will try to cook on a stove, start a fire, swim in the river, use a canoe... You will step out of your comfort zone and have fun doing it.
- ▶ You will prepare an activity for others - try to step into the role of a leader.
- ▶ You will discuss various topics with others... especially those that the group will find interesting and want to speak up about.
- ▶ You will become more aware of your learning process, learn to set up goals for yourself and reflect on your achievements.
- ▶ You will experience non-formal education - learning by doing and by playing.

Travel tips:

- ▶ Please, keep the environment in mind and try to find the „greenest“ way of travel.

Travel tips:

- ▶ The best way to get to Tábor from Prague is by train – trains to Tábor go from the main train station in Prague in quite short intervals - ca. every hour. Our hotel is located 750 m. from the train station in Tábor, so no public transportation is probably needed.
- ▶ To get to the Prague main train station from the airport, use the airport buses. They stop right in front of the terminals.
- ▶ When travelling in the Czech Republic by train, keep in mind that:
 - ▶ It is much cheaper to buy the train ticket for the whole group together than separately.
 - ▶ Students only pay 50% of the full price, but you need to have your ISIC card with you.

Green travel:

- ▶ We are offering the option of „green travel“. Your travel budget (see the table on previous page) can be higher if you use a „green means of travel“.
- ▶ „Green means of travel“ is pretty much everything but flying and driving a car alone. It covers: train, bus, carsharing, bike and any other low-emission means of transport.
- ▶ In order to receive the „green travel“ budget, you have to use green means of transport for the main part of your journey – so if you take your car to drive 10 km to the train station, it is not a problem.
